For better dentistry

DENTSPLY

Spectrum[®] TPH[®]3

Submicron hybrid composite restorative

What makes Spectrum[®] TPH[®]3 Composite the proven everyday universal composite?

- 1 Simple and aesthetic
- 2 Proven durability
- 3 Easy handling

It's why dentists have reached for Spectrum[®] Composite more than 175 million restorations worldwide.¹

1 Simple and aesthetic

- Outstanding colour reproduction
- Enamel like luster
- Lifelike restorations in as little as a single shade

Stellar results with a single shade

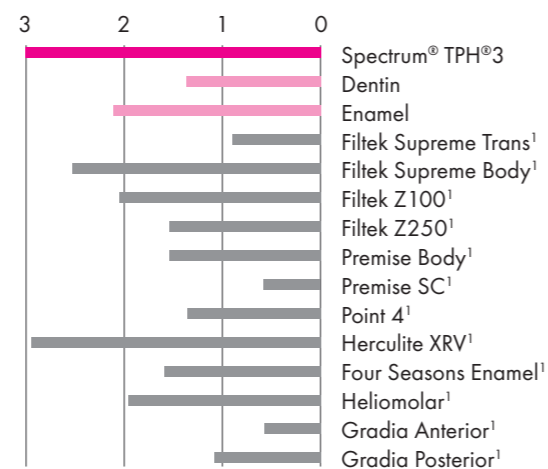

A proprietary blend of glass fillers provide optimized polishability and exceptional surface luster.

Spectrum[®] TPH[®] 3

Excellent radiopacity (mmAL)

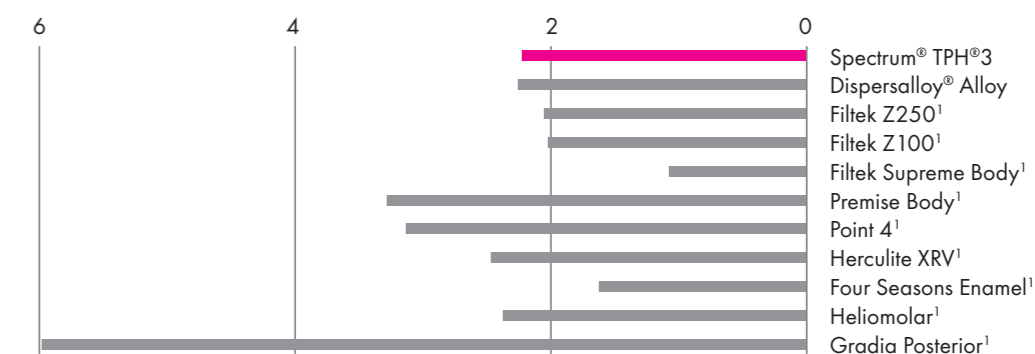

2 Proven durability

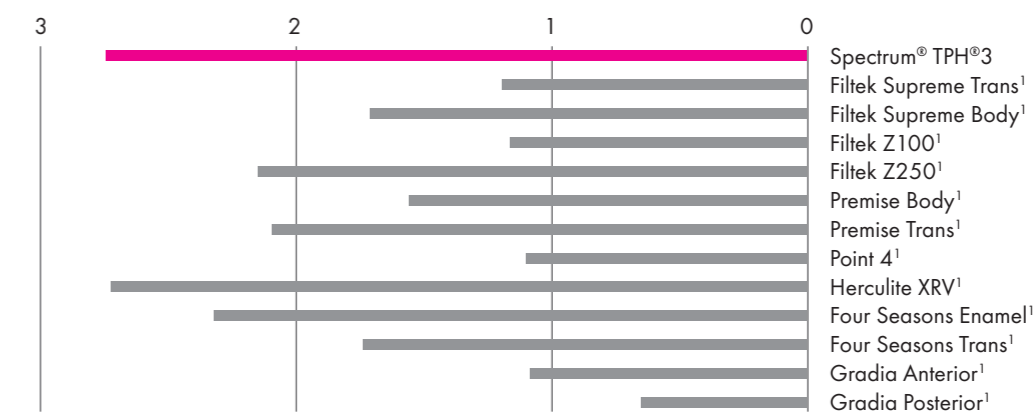

- >16 years of clinical use of Spectrum[®] Composite
- High wear resistance
- Superior durability against fracture

High wear resistance (x10⁻² mm³)

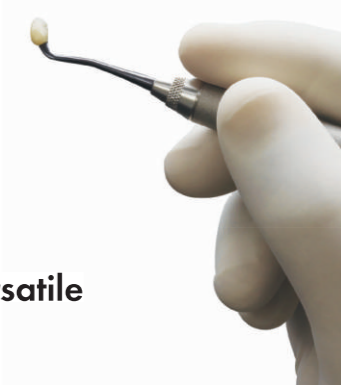

Excellent fracture toughness KIC (MPa * m^{1/2})

3 Easy handling

- Creamy and non-sticky handling
- Long working time and incredible adaptability
- Ideal polishability for remarkable beauty

Frequent users rely on Spectrum[®] TPH[®]3 as versatile allrounder for all cavity classes. EVERY DAY.
