

V4 CLEARMETAL MATRIX SYSTEM™

V4™ is the matrix system for all Class II restorations, creating predictable, tight contacts and natural contours, with the added benefit of transparency for peace-of-mind light-curing, especially with bulk fill and deep cavities.

V4 - THE SOLUTION IS CLEAR

- V4 Ring has wide indications for use, fitting the full range of embrasure widths; small and large cavities
- Transparent ring tines provide the option of peace-of-mind light-curing – great with bulk fill and deep cavities
- Super-elastic nickel-titanium spring produces optimal tooth separation force for tight contacts
- Tines shaped for superior matrix adaptation and retention, and minimal finishing
- V4 Ring and V4 Wedge suitable for all Class II cases, whether or not the cure-through option is used
- ClearMetal Matrix has hundreds of cure-through, resin-filled “micro-windows”
- ClearMetal is the only transparent matrix with the advantages of metal malleability
- Vertical and horizontal matrix profiles produce natural contours, saving finishing time
- Wedge notches enhance flexibility to facilitate a superb matrix seal on the gingival margin

The V4 System includes the V4 Ring™ – Molar and Premolar – the revolutionary ClearMetal Matrix™ with “micro-windows”, and the innovative, highly adaptive V4 Wedge™.

V4 MOLAR AND PREMOLAR RINGS

- Suitable for all Class II cases
- NiTi spring for optimal tooth separation
- Transparent tines for a cure-through option
- Ring grips even where there is minimal tooth structure
- V-shaped tines accommodate the wedge
- Autoclavable more than 1200 times
- Easier to clean than other rings

CLEARMETAL MATRICES

- Great anatomical accuracy
- “Micro-windows” provide a cure-through option without leaving an imprint on the composite
- Transparent but with the malleability of metal
- Matrix hugs the tooth for extra stability
- Matrix wings won't get in the way during ring placement
- Non-stick for easy removal

V4 WEDGES

- Facilitates a superb matrix seal on the gingival margin
- Transparency provides a cure-through option
- Gentle on the papilla

V4 CLEARMETAL STARTER PACK CONTENTS

- | | |
|--------------------------------|----------------------------------|
| 1 x V4 Molar Rings (Blue) | 25 x V4 Wedge Small (clear) |
| 1 x V4 Premolar Rings (Silver) | 25 x V4 Wedge Medium (pink) |
| 25 x ClearMetal Matrix 4.5mm | 25 x V4 Wedge Large (purple) |
| 50 x ClearMetal Matrix 5.5mm | 25 x V4 Wedge Extra-Large (gray) |
| 25 x ClearMetal Matrix 6.5mm | 1 x Forceps |
| 2 x Pin-Tweezers | REORDER CODE: 403338 |

V4 CLEARMETAL UPGRADE PACK CONTENTS

- | | |
|--------------------------------|----------------------------------|
| 1 x V4 Molar Rings (Blue) | 25 x V4 Wedge Small (clear) |
| 1 x V4 Premolar Rings (Silver) | 25 x V4 Wedge Medium (pink) |
| 25 x ClearMetal Matrix 4.5mm | 25 x V4 Wedge Large (purple) |
| 50 x ClearMetal Matrix 5.5mm | 25 x V4 Wedge Extra-Large (gray) |
| 25 x ClearMetal Matrix 6.5mm | REORDER CODE: 403339 |
- Note: this pack does not contain Forceps or Pin-Tweezers
